Notes to the Abbreviated Accounts for the period ended 31 December 2015**1 Accounting Policies****Basis of measurement and preparation of accounts**

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities effective January 2015.

Other accounting policies**Going Concern**

We believe that the company's financial statements should be prepared on a going concern basis on the grounds that current and future sources of funding or support will be more than adequate for the company's needs. This support is required as the company has net current liabilities of £12,123 and net liabilities of £12,023. We believe no further disclosures relating to the company's ability to continue as a going concern need to be made in the financial statements. In assessing going concern, we have paid particular attention to a period of not less than one year from the date of approval of the financial statements.

Taxation

The charge for taxation is based on the loss for the period and takes into account taxation deferred because of timing differences between the treatment of certain items for taxation and accounting purposes.

Deferred tax is recognised, without discounting, in respect of all timing differences between the treatment of certain items for taxation and accounting purposes which have arisen but not reversed by the balance sheet date, except as otherwise required by FRS 19.

2 Fixed assets Investments

The investment relates to a 100% shareholding in Gridraiser Networks Ltd, a company incorporated in the UK.
