NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2012

1 ACCOUNTING POLICIES

1.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention and in accordance with applicable accounting standards

1.2 Going concern

The Company's business activities, together with the factors likely to affect its future development and position, are set out in the Business Review section of the Directors' Report on page 1. The Company participates in the group centralised treasury arrangements and so shares banking arrangements with its parent and fellow subsidiaries.

The Global Radio group has prepared detailed forecasts of expected future cash flows for the three years ending 31 March 2015 ("the forecast"). The Board considers the forecast has been prepared on a prudent basis taking into account current consensus forecasts of the radio advertising market. However, the group has also prepared a worse than expected downside scenario. Even under this sensitised scenario, the forecasts indicate that the Company can continue to trade for the foreseeable future and operate within its new facility and the associated financial covenants.

1.3 Cash flow

Under FRS 1, "Cash Flow Statement", the Company is exempt from the requirement to prepare a cash flow statement on the grounds that a parent undertaking includes the Company in its own published consolidated financial statements.

1.4 Turnover

Turnover comprises revenue recognised by the Company in respect of goods and services supplied during the year, exclusive of Value Added Tax and trade discounts.

Revenue is recognised on the date of use of the Directory Enquiry service and is considered to be the only material class of business for the Company.

2 TURNOVER

The whole of the turnover is attributable to the provision of a Directory Enquiry service.

All turnover arose within the United Kingdom.

Revenue is recognised on the date of use of the Directory Enquiry service and is considered to be the only material class of business for the Company. Revenue is recognised exclusive of VAT.

3. AGENCY AGREEMENT

Global Radio Services Limited provided personnel and other services to the Company. The amounts included in 'operating charges' contain a charge for these services. For the year ended 31 March 2012 this was £13,621 (2011: £nil).

DQ RADIO SERVICES LIMITED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2012**

4. OPERATING PROFIT

Amounts receivable by the Company's auditor in respect of services to the Company and its associates, other than the audit of the Company's financial statements, have not been disclosed, as the information is required instead to be disclosed on a consolidated basis in the consolidated financial statements of the Company's ultimate parent, Global Radio UK Limited. The audit fee in respect of the Company was £1,000 (Year ended 31 March 2011: £1,000).

5. STAFF COSTS

The Company does not directly employ any staff (2011: nil).

6. DIRECTORS' REMUNERATION

During the year ended 31 March 2012 M Connole and SG Miron received remuneration from Global Radio Services Limited and the majority of their time was spent on services to Global Radio UK Limited, the ultimate parent company. Details of their remuneration as Directors of Global Radio UK Limited are disclosed in that company's accounts.

None of the Directors received remuneration in respect of qualifying services to this Company (2011: £nil).

8 TAXATION (continued)

Factors affecting tax charge for the year

The tax assessed for the year is higher than (2011 - the same as) the standard rate of corporation tax in the UK of 26% (2011 - 28%)

	2012	2011
	£000	£000

Effects of		
Expenses not deductible for tax purposes	1	-
Current tax charge for the year (see note above)	<u>38</u>	<u>47</u>

Factors that may affect future tax charges

On 21 March 2012 the Chancellor announced the reduction in the main rate of UK corporation tax to 24 per cent with effect from 1 April 2012. This change became substantively enacted on 26 March 2012 and therefore the effect of the rate reduction creates a reduction in any deferred tax asset or liability. The Chancellor also proposed changes to further reduce the main rate of corporation tax by one per cent per annum to 22 per cent by 1 April 2014, but these changes have not yet been substantively enacted and therefore are not included in the figures above. The impact of the future rate reductions will be accounted for to the extent that they are enacted at the balance sheet date, however it is estimated that this will not have a material effect on the Company.

There are no unrecorded deferred tax assets or liabilities.
