#### NOTES TO THE FINANCIAL STATEMENTS AS PER DECEMBER 31, 2014

#### 1. General

Apioil Limited ('the Company') was incorporated on January 23, 1985 in Bermuda. The registered office of the Company is Clarendon House, 2 Church Street, Hamilton HM 11, Bermuda

Effective June 2011 the Company registered a UK Establishment at Sixth Floor (North), Kingsway House, 103, Kingsway, London WC2B 6QX and became UK tax resident. The Company is exempted for Bermuda tax purposes until March 28, 2016

On June 25, 2014, the Board of Directors approved a Business Sale, outlined in the Intra Group Business Transfer Agreement, whereby, effective August 1, 2014, Apioil UK Limited (formerly Api Services Ltd), a Company fully owned by the same parent company api anonima petroli italiana S p A — Rome, acquired the business of Apioil Limited in order to promote the Group commercial interests and success. It was noted that the consideration payable by the Company for the Acquisition was to be the book value of all assets and liabilities related to the Business to be transferred as resulting in Financial Statements of the Company at 3! July 2014. Pursuant the Acquisition, the Company transferred to Apioil UK Limited, by way of Deeds of Novation, certain obligations to third parties in relation to various commercial contracts and Apioil UK Limited replaced the Company as a party to the contracts.

The Company's purpose is to trade in the international petroleum markets. In the years reported, the Company conducted mainly physical transactions, generally made on a back-to-back basis, meaning that buying and selling is made at the same terms and conditions regarding quantity, quality as well as delivery, payment and base price terms with the exception that a premium shall apply. Third party sales are based on purchase price plus a margin

The Company's books are maintained in U.S. Dollars, the functional currency of Apioil Limited The financial statements are prepared in accordance with International Financial Reporting Standards (IFRS)

The financial statements as of December 31, 2014 have been authorized for issuance by the Board of Directors on March 17, 2015 They are subject to the approval of the ordinary shareholder's meeting

#### 2. Significant accounting judgments and estimates

The preparation of these financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual outcomes could differ from these estimates

For the financial statements as at December 31, 2014 there are no significant judgments and estimates that should be further outlined in here.

#### 3. Changes in accounting policy and disclosures

The accounting policies adopted are consistent with those of the previous financial year except for the following changes

#### NOTES TO THE FINANCIAL STATEMENTS AS PER DECEMBER 31, 2014

Apioil Limited has adopted the following new standards and amended IFRS became effective as of January 2014.

Recently released Standards/ Interpretations	Effective date
Improvements to IFRSs - 2010 - 2012 Cycle Amendments to IFRS 13 - Short-term receivables and payables	Annual periods beginnings on or after 1 January 2014
Improvements to IFRSs - 2010 - 2012 Cycle: Amendments to IFRS 1 - Meaning of 'effective IFRS's'	Annual periods beginning on or after 1 January 2014
IFRIC 21 Levies	Annual periods beginning on or after 1 January 2014

Adoption of these revised standards and interpretations did not have an impact on the financial performance or position of the Company

#### **IFRIC 21 Levies**

IFRIC 21 clarifies that an entity recognises a liability for a levy when the activity that triggers payment, as identified by the relevant legislation, occurs. For a levy that is triggered upon reaching a minimum threshold, the interpretation clarifies that no liability should be anticipated before the specified minimum threshold is reached. This interpretation has no impact on the Company as it has applied the recognition principles under IAS 37 Provisions, Contingent Liabilities and Contingent Assets consistent with the requirements of IFRIC 21 in prior years.

#### Annual Improvements 2010-2012 Cycle

In the 2010-2012 annual improvements cycle, the IASB issued seven amendments to six standards, which included an amendment to IFRS 13 Fair Value Measurement. The amendment to IFRS 13 is effective immediately and, thus, for periods beginning at 1 January 2014, and it clarifies in the Basis for Conclusions that short-term receivables and payables with no stated interest rates can be measured at invoice amounts when the effect of discounting is immaterial. This amendment to IFRS 13 has no impact on the Company

#### **Annual Improvements 2011-2013 Cycle**

In the 2011-2013 annual improvements cycle, the IASB issued four amendments to four standards, which included an amendment to IFRS 1 First-time Adoption of International Financial Reporting Standards. The amendment to IFRS 1 is effective immediately and, thus, for periods beginning at 1 January 2014, and clarifies in the Basis for Conclusions that an entity may choose to apply either a current standard or a new standard that is not yet mandatory, but permits early application, provided either standard is applied consistently throughout the periods presented in the entity's first IFRS financial statements. This amendment to IFRS 1 has no impact on the Company, since the Company is an existing IFRS preparer

#### 4. Principal accounting policies

#### a) Cash and time deposits

Cash includes current accounts with banks and time deposits. Time deposits include short term investments with banks due within one month. Both positions items are carried at cost in the balance sheet and approximate fair value due to the short term nature of these financial instruments.

#### b) Accounts receivables and payables

Trade receivables, which generally have 15 days' terms, are recognized and carried at original invoice amount less an allowance for any uncollectible amounts. Provision is made when there

#### NOTES TO THE FINANCIAL STATEMENTS AS PER DECEMBER 31, 2014

is objective evidence that the Company will not be able to collect the debts. Bad debts are written off when identified

Trade payables are non-interest bearing, carried at original invoice amount and are normally settled on 15 day terms

Both positions approximate fair value due to the short term nature of these financial instruments

c) Revenue recognition

The Company records sales and recognizes the related profits of the physical transactions in its accounts when all significant risks and rewards of ownership of the asset sold are transferred to the customers, it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Turnover is generally recognized at invoice amounts with most sales being priced free on board (FOB), cost and freight (CFR), cost insurance freight (CIF) or delivered ex ship (DES)

d) Foreign currency translation

Transactions are mainly concluded in U S Dollars Transactions in foreign currencies are translated in U. S Dollars using the exchange rate as of the transaction date Realized and unrealized gains and losses up to the balance sheet date resulting from the valuation of receivables and payables in foreign currencies are recognized in the statement of comprehensive income

f) Related party transactions

Sales to related parties are made at the actual purchase values of the cargo on a back-to-back basis plus a premium.

g) Financial assets and liabilities

Financial assets and liabilities comprise cash, time deposits, accounts receivable and accounts payable.

The carrying amounts of cash, time deposits, accounts receivable and accounts payable approximate fair values due to their short term nature.

In accordance with the applicable principles in IAS 39, financial assets and liabilities are classified as follows and measured uniformly according to the following categories

- financial assets at fair value through profit or loss
- investments held to maturity,
- loans and receivables,
- financial assets available for sale and

Financial assets at fair value through profit or loss include financial assets held for trading and financial assets designed upon initial recognition at fair value through profit or loss. There are no such financial assets and liabilities existing at the balance sheet date nor were there any investments held to maturity, which would be fixed maturity financial assets that the Company intends to hold to maturity Loans and receivables are financial assets created by providing money, goods or services directly to third or related parties. All other investments are classified as financial assets available for sale

#### NOTES TO THE FINANCIAL STATEMENTS AS PER DECEMBER 31, 2014

All financial assets and liabilities are initially recognized at fair value, including transaction costs. The purchase or sale of financial assets is recognized on the settlement date

After initial recognition, financial assets and liabilities held for trading are measured at fair values and changes in the asset value are reported in profit or loss for the year.

Investments held to maturity and assets originated by the Company are measured at amortized cost using the effective interest rate method, less reductions for impairment

After initial recognition, financial assets available for sale are measured at their fair value and changes in the values are reported in other comprehensive income / equity

After initial recognition, financial liabilities, other than liabilities held for trading and derivatives that are liabilities, are measured at amortized cost

#### h) Cost of sales

Cost of sales represents product cost plus any other costs directly attributed to the acquisition of materials

#### i) Dispatch and demurrage

Dispatch and demurrage are ancillary income and costs that occur when vessels are prevented from the loading or discharging of cargo within the stipulated laytime

Dispatch and demurrage income respectively expenses are recorded when the amount can be measured reliably, it is probable the economic benefits or costs associated with the transaction will flow and the stage of completion of the transaction at the balance sheet date can be measured reliably.

#### j) Income taxes

Current income tax assets and liabilities for the current period are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the Company operates and generates taxable income.

Where items are recognized directly in other comprehensive income / equity, current income tax is also recognized in other comprehensive income / equity and not in profit or loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate

Where there exist deferred taxes, such are provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date

#### 5. Share capital

After the general meeting of the members of the company of July 29, 2014, the share capital of the company is reduced from USD 2'000'000, divided into 2'000'000 shares with a par value of USD 1 00 USD each, to USD 100'000 divided into 100'000 shares of USD 1 00 each fully paid
