TWO BROTHERS FILMS LIMITED**Registered Number SC252183****Notes to the Abbreviated Accounts for the period ended 31 December 2014****1 Accounting Policies****Basis of measurement and preparation of accounts**

The financial statements are prepared on the historical cost basis of accounting and have been prepared in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

The financial statements do not include a cash flow statement because the company, as a small reporting entity, is exempt from the requirements to prepare such a statement under the Financial Reporting Standard for Smaller Entities (effective April 2008).

Other accounting policies

Going Concern

The directors have considered a period of at least twelve months from the date on which these financial statements have been signed and, having considered all relevant information available to them, believe it is appropriate to prepare the financial statements on a going concern basis.

Film development and production

Film development and production expenditure is written off to the profit and loss account in the year in which the main income on releasing the film or television series is earned. Where there is reasonable certainty of future material income, then the expenditure is deferred and amortised over the period during which the company is expected to benefit.

Film sale and leaseback

Where the company has entered into a sale and leaseback arrangement for the rights to a film or television series, the finance lease is matched by a pledged deposit account such that the principal on deposit and interest earned will be sufficient to cover the rental obligations on the finance lease until the end of the lease. The deposit account can only be used to settle the finance lease liabilities and therefore these do not represent separate assets and liabilities of the company. Consequently the deposit account has been netted off with the finance lease creditor. Interest arising on the pledged deposit account has been similarly matched against the finance lease interest charges.
