## EMIL NAVA FILMS LIMITED

**NOTES TO THE ABBREVIATED ACCOUNTS  
FOR THE PERIOD ENDED 31 DECEMBER 2015**

**1. Accounting Policies****1.1 Basis of preparation of financial statements**

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015).

**1.2 Going concern**

The directors have decided that the company will cease trading after the year end. Accordingly the financial statements have been prepared on a basis other than that of a going concern. No material adjustments arose as a result of ceasing to apply the going concern basis. The financial statements do not include any provision for the future costs of terminating the business of the company except to the extent that such were committed at the balance sheet date.

**1.3 Turnover**

Turnover comprises revenue recognised by the company in respect of services supplied during the period, exclusive of Value Added Tax and trade discounts.

**1.4 Financial instruments**

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the entity after deducting all of its financial liabilities.

Where the contractual obligations of financial instruments (including share capital) are equivalent to a similar debt instrument, those financial instruments are classed as financial liabilities. Financial liabilities are presented as such in the balance sheet. Finance costs and gains or losses relating to financial liabilities are included in the profit and loss account. Finance costs are calculated so as to produce a constant rate of return on the outstanding liability.

Where the contractual terms of share capital do not have any terms meeting the definition of a financial liability then this is classed as an equity instrument. Dividends and distributions relating to equity instruments are debited direct to equity.
